- Support Groups for Domestic Violence and Sexually Abused Victims
- Counseling Referral Program
- Emotional & Spiritual Support
- Housing Resources
- Job Resources
- Food & Clothing Drives for Elderly and those in need
- Community Family Events

- **History of Ida & Stella's Nation:**

Ida and Stella's Nation was founded by President/Director Christina Dyer, (Chicago native) in memory of her grandmothers': Ida Dyer And Estella Burton, who assisted in raising Christina into the woman she is today. Throughout life we all need someone to provide T.L.C. when we have experienced traumatic situations or life changing experiences. Ida and Estella were the villagers in their communities that provided that T.L.C. to anyone in need. Christina remembered the love, knowledge, and wisdom that her grandmothers gave to their communities, so she wanted to keep that same legacy going to help improve our current communities. Tamara Barnes (Treasurer & Chicago native) is Christina's first cousin, also a granddaughter of Ida Dyer. Latoria Jones (Secretary/Georgia native) is a childhood friend of Christina's that became family over 30 years. Three women came together to create Ida and Stella's Nation for the support and love of our community.
